## Frequently Asked Questions

### Q. I already own EZClaim. Can I use my existing data?

A. Yes. EZClaim will upload your current data file to our servers. This process takes only a few minutes and you can continue billing immediately.

### Q. Can I send claims to Medicare, Medicaid or Blue Cross or my own clearinghouse?

A. Yes. The ANSI 837 billing package is \$99 per month for one login. Call for additional information.

### Q. How long does it take to setup?

A. As soon as we receive your Remote Order Form, we will begin the process of creating your logins and passwords. Typical setup is within 1 to 2 business days.

### Q. Can different logins have access to different programs?

A. Sure. You tell us which login has access to which program and we'll configure it for you.

### Q. Is my data secure?

A. Of course! EZClaim utilizes RackSpace co-location services which carries a SAS-70 certification.

### Q. What if I don't like it?

A. Once you start using it, we doubt you'll want to stop but if you do, you can simply purchase the EZClaim software, transfer your data (we'll help you with the transfer at no charge) and you are on your way.

### Q. How long does program support last?

A. Program support is free as long as you are using the EZClaim Remote service.
