Frequently Asked Questions

Q. I already own EZClaim. Can I use my existing data?

A. Yes. EZClaim will upload your current data file to our servers. This process takes only a few minutes and you can continue billing immediately.

Q. How long does it take to setup?

A. As soon as we receive your Cloud Order Form, we will begin the process of creating your logins and passwords. Typical setup is within 1 to 2 business days.

Q. What are the recommended system requirements?

A. Windows 7 or higher (XP is not supported) and at least 4GB of memory. Cloud users require high speed internet and the latest release of an internet browser. Mac OS X 10.8 or higher is supported for cloud access.

Q. What if I don't like it?

A. Once you start using it, we doubt you'll want to stop but if you do, you can simply purchase the EZClaim software, transfer your data (we'll help you with the transfer at no charge) and you are on your way.

Q. How long does program support last?

A. Program support is free as long as you are using the EZClaim Cloud service.

Payment Terms

Credit card information will be kept on file and automatically debited each month. A statement showing all charges will be sent monthly by email.

Cloud Services Order Form

Please complete and send to EZClaim at fax number (248) 651-9273

Cloud orders take 48 hours to process
